

*As we move through a transitional season in Youth Ministry at SMC, there is much to pray about and anticipate!*

Eric and Erin Bailey did a great job cultivating relational bonds with youth over the past few years. With their transition away from leadership and with several students graduating last year, opportunities are great for future involvement. As we feel the absence of those transitioning, we look forward to what God has for us.

A priority in Youth Ministry is to provide structure and consistency so growth can happen. Here's how you can help:

- **Be Part of the Youth Leaders Team** by serving as little as one Sunday or Wednesday per month. Simply be present to engage in the fun, and in the tough questions of life. *Could this be a good fit for you? Contact Austen (kewinausten@stumptown.church) for details!*
- **Pray for God's Guidance** in cultivating new relationships with youth who are searching for a place to Believe, Belong & Grow. *"The harvest is plentiful but the workers are few."*
- **Engaging With, and Encourage, our Youth** – You do not need to be formally involved to make an impact. Interact with our youth to *"set an example for the believers in speech, in conduct, in love, in faith, and in purity."*

*Praying God's leading as we grow in HIM!*
